

Overseas Integrated Work-Study Programme Experience in Thailand with Thai Union Group PCL

Student Selection

Internship

In Thai Union, I worked in a cross-functional team to work towards achieving a Vegan certification for a new product that was targeted to be launched in 2020.

Thai Union Group PCL

Thai Union Group PCL is a global seafood leader that has ambitious growth goals and a dedication to sustainability and innovation. It was founded in 1977 and has many brands in APAC, NA and Europe.

Cultural Experience

- Be **open-minded** to new cultures, and ask questions **respectfully**. This helped me to bond with my colleagues.
- The best time to get to know each other is during **meal times!**

Work Experience

- **Good time management skills** were crucial.
- **Communicate effectively** (simple & concise) to prevent miscommunication.
- **Voice out concerns promptly** to prevent project hold-up.

Transfer of Experience

- Project management skills (→ FYP)
- Effective communication skills → succinct presentations and reports.

Key Takeaway

The technical learning at SIT has prepared me to learn on-the-job.

This was also a very necessary skill when I was doing my intern in Thai Union.

I had to be very proactive and the work environment was sometimes very fast-paced, requiring me to stay on my toes.

ESG's Global Ready Talent Programme Funding

Without the ESG funding, I would have had to forego the opportunity to pursue my OIWSP in Thailand, with Thai Union Group PCL.
