<sup>1</sup> PCI =  $\frac{\text{Gross income of family members in household}}{\text{Total number of family members in household}}$

Gross income refers to amount before deduction of CPF. It includes allowances, overtime, commission, bonus, etc.

Family members include a) immediate family members (i.e. spouse, parents and all children who may or may not be living in the same household as applicant) and b) non-immediate family members (i.e. grandparents, siblings, spouses of siblings, siblings of parents, and any other relatives who are living in the same household as applicant)
