# LEARNING PROSPECTUS

## AY2023-24

## SSC Learning Prospectus

The Student Success Centre (SSC) offers a comprehensive suite of programmes for our students and alumni to complement the academic learning journey in SUSS to support students towards achieving Personal and Professional Success. The programmes endeavour to facilitate the unleashing of students' potential to advocate for their own wellbeing as well as others while doing social good to benefit the community and the environment transform and at the same time transform mindsets for students to be future ready and nurture the passion for lifelong learning. For full-time undergraduate students, completion of selected programmes is part of fulfilment of graduation requirements under Student Teambuilding and Work Attachment.

Aside from the Learning Prospectus, SSC designs and delivers platforms and programmes that allow students to cultivate social responsibility and global competencies, and provide the opportunities to engage in lifelong learning. Our centre also works across different schools and centres to facilitate our students in developing the SUCCESS attributes holistically.

## Features of the prospectus

Complementing your academic courses, you can use this prospectus to help you :

- plan your study plan to best leverage on the opportunities provided by the centre;
- find out which courses support core skills for future readiness and are required to fulfill graduation requirements for full time undergraduate students;
- reflect on your personal strengths to see which programmes/courses would complement them;
- discuss with your career mentors on which courses would provide you with the value added skills to be career ready and
- explore and go out of your comfort zone to try something new.
