Employment & Economic Mobility	005	minds	Following a vocational assessment, how might we help persons with intellectual disability and their caregivers better understand the real-world requirements and expectations of available jobs, while considering individuals' strengths, interests, aspirations and support needs, so they can make informed employment decisions that lead to better job matches, shorter placement times and fewer early mismatches?
	008	PPIS lighting lives	How might we create clearer pathways through inclusive employment practices for beneficiaries to progress from employment into sustainable careers and greater financial independence?
	009	PPIS lighting lives	How might we expand access to flexible work and income opportunities that better match beneficiaries' strengths, capabilities, and aspirations?
	011	The Singapore Association For The Deaf	How might we bridge communication and inclusion gaps between Deaf, Deafblind, and Hard-of-hearing individuals and employers to enable meaningful, sustainable employment?
	014	THYE HUA KWAN MORAL CHARITIES 太和观 THK	How might we create better employment pathways for beneficiaries transitioning from school by strengthening job matching, training, and employer readiness, including role redesign and workplace support to enable sustainable employment?
Healthy Ageing & Senior Care	001	KWONG WAI SHIU HOSPITAL 廣惠肇留醫院 Since 1910	How might we identify seniors at risk of falls early and deliver practical, coordinated support that reduces falls and maintains independence within available community care resources?
	002	KWONG WAI SHIU HOSPITAL 廣惠肇留醫院 Since 1910	How might we enable accessible community screening to detect early signs of cognitive decline and connect seniors to appropriate support?
Caregiving & Family Support	003	Lakeside Family Services	How might we reimagine intergenerational engagement through innovative experiences and approaches that bridge communication gaps, foster mutual understanding and strengthen relationships between senior parents and their adult children?
	004	Lakeside Family Services	How might we develop innovative and resource-efficient intergenerational initiatives that foster meaningful connections, mutual learning and sustained engagement across generations?
	010	The Singapore Association For The Deaf	How might we strengthen accessible family and community support networks that reduce social isolation and help Deaf individuals build confidence, relationships, and a stronger sense of belonging?

	013	THYE HUA KWAN MORAL CHARITIES	How might we better understand and support the needs of both caregivers and care recipients as a family unit, so that families can thrive, remain resilient, and confidently navigate changing care needs over time?
Beneficiary Development & Reintegration	006	PERTAPIS	How might we strengthen support networks and ensure continuity of care for youth as they reintegrate into the community?
	007	PERTAPIS	How might we equip youth who are ready to enter the workforce with relevant vocational skills and support their transition into suitable employment opportunities?
	012	SHINE Children & Youth Services	How might we leverage innovative and non-traditional approaches to make youth mental health support more engaging, visible and accessible through digital platforms?
