(PART-TIME PROGRAMME)

BACHELOR OF ACCOUNTANCY

Programme Overview

Singapore is working towards establishing itself as a leading regional and global financial centre, trading and service hub. It also has the vision of making Singapore an accountancy hub. As we continue to grow in this area, there is an increasing demand for more qualified accountants.

The School of Business at Singapore University of Social Sciences offers the Bachelor of Accountancy (BACC) programme as an avenue for working adults to upgrade their skills and knowledge to stay relevant in their course of work and in the ever-changing business landscape. With the students' learning needs in mind, the programme is designed with a balanced approach in providing them with broad general business skills, and also strong academic and professional training in financial accounting, management accounting, assurance and taxation.

Whom is this Programme for?

This programme targets working adults and mature learners who are in the accounting industry and aspire to be a Chartered Accountant of Singapore. Professionals from other disciplines keen on seeking accounting-related employment can also benefit from this programme.

Programme Structure

The BACC programme is designed to provide students with broad foundational knowledge and skills in the business compulsory courses, progressing to more applied and specialised subject knowledge in the accountancy compulsory courses.

Students are required to complete a total of 170 credit units (cu) to graduate. The classification of honours will depend on the overall academic performance of students.

Recognition of Programme

The Bachelor of Accountancy Degree is recognised by the Accounting and Corporate Regulatory Authority (ACRA). This means that graduates will have satisfied the qualification requirement for the purpose of registration as a Public Accountant under the Accountants Act (Cap.2). The degree is also accredited by the Singapore Accountancy Commission (SAC) for direct entry into the Singapore CA Qualification (Professional Programme) which is an admission requirement for membership of the Institute of Singapore Chartered Accountants (ISCA) and registration as a Chartered Accountant of Singapore.

When a student graduates from Singapore University of Social Sciences with a Bachelor of Accountancy, the Chartered Institute of Management Accountants will grant some exemptions for the purpose of registering and taking their professional examinations.
