(PART-TIME PROGRAMME)
Programme Overview

This programme is for those who are interested to find out more about the science of human behaviour. Especially enriching for those who are in jobs that involve working with people or anyone who is interested in understanding human behaviour better, this programme provides you with the skills to understand people as people. Qualified instructors with relevant organisational experience add richness to the learning experience.

You may pursue Psychology as a single subject or in combination with a minor.

Please refer to the SUSS website for details of the minor courses.

Whom is this for?

This programme is for all those who find Psychology interesting, and wish to pursue it either as a career or as a means to another career. The degree programme is enriching for those who are in jobs that involve working with people.

Career Prospects

A psychology bachelor's degree is a general social sciences degree. Graduates can basically work in any field. However, to pursue a career as a psychologist (e.g., as a clinical, organizational health, or sport psychologist), a higher degree in psychology is required (e.g., master's or PhD). Some of our alumni, after having obtained an Honours degree in psychology at the Singapore University of Social Sciences, have pursued a master's/PhD degree in other universities.

Programme Structure

Students are required to complete a total of 130 credit units (cu) to graduate with a basic degree, inclusive of 10 cu of SUSS core courses. All courses are 5 cu unless stated otherwise.

This programme has an Honours option. Students who achieve a CGPA of 3.5 and above upon completion of their basic degree may be invited to enrol in the Honours programme, which will be offered if the requisite number of students is met. Students who accept the invitation will need to complete another 40 cu of courses to achieve 170 cu in total and have to satisfy all university requirements in order to graduate with an Honours degree.

Tuition Fees and Government Subsidy

Our tuition fees are on par with those of other local universities. The amount of course fees you pay in each semester depends on the number of courses you take in that semester. The course fees cover all study materials, classes, tutor supervision, assignments and examinations. They do not include fees for textbooks and other additional items specified by SUSS from time to time.
