

# **ACC213 Introduction to Income Tax**

**Level:** 2

**Credit Units:** 5 Credit Units

**Language:** ENGLISH

**Presentation Pattern:** EVERY SEMESTER

## **Synopsis:**

ACC213 Introduction to Income Tax aims to provide students with a broad overview of the Income Tax and the Goods & Services Tax systems in Singapore. Students will be introduced to tax formulation policies and how tax policies function as part of Singapore's fiscal policy. It is also imperative to understand the legislative framework governing the tax systems and their implementation in Singapore via tax compliance and administration procedures. Thereafter, the module introduces essential tax concepts to students before focusing on the respective tax treatments for an individual, a business and specific business transactions. This module concludes with an introduction of Stamp Duty and Estate Duty to students.

During the course, students will be examined on their understanding of tax concepts as well as the application of these concepts. Moreover, students will be advised to familiarize themselves with the various sections of the Income Tax Act and the Goods & Services Tax Act. The aforementioned is imperative for students to acquire the required practical skills to address various tax issues in business and personal situations.
