

BSE289 Internship

Level: 2

Credit Units: 5 Credit Units

Language: ENGLISH

Presentation Pattern: EVERY JULY

Synopsis:

The internship programme will be carried out in an organization in the Sports industry with the aim of fostering critical thinking and problem-solving skills in our students as they apply their academic knowledge through a proposed project. The project may include the following:

- Teaching/Coaching of Sports
- Management of sports injuries
- Applied exercise physiology in sports practices

Topics:

- Getting to know the organization - orientation to the agency
- Orientation to the supervision process
- Preparation for project-based assignments
- Working with Field Supervisor on required tasks based on expected learning goals
- Keeping a reflection journal to detail learning experiences
- Review, feedback and identifying areas for improvement
- Preparation for the final report
- Evaluation of the internship experience

Learning Outcome:

- Appraise the teaching and management of Sports and Physical Education.
- Analyse Sports and Physical Education issues.
- Identify best teaching and management practices in Sports and Physical Education.
- Recommend a course of actions for issues identified in Sports and Physical Education.
- Execute a series of Sports and Physical Education tasks as stipulated by the field supervisor.
- Apply relevant theory, knowledge, and skills learned in the curriculum to tasks within the real-world setting of the sports industry.
- Demonstrate essential knowledge and interpersonal skills to work effectively and collegially at the host institution.
- Demonstrate professional behaviour toward clients, colleagues and other professionals at the host institution.
